## About This Game

Dive headfirst into a dystopian world devoid of society, law, and order. RAGE 2 brings together two studio powerhouses—Avalanche Studios, masters of open world insanity, and id Software, creators of the first-person shooter—to deliver a carnival of carnage where you can go anywhere, shoot anything, and explode everything.

An asteroid has annihilated 80% of the earth's population, and humanity's numbers are dwindling. Ruthless and bloodthirsty gangs roam the open roads and the tyrannical Authority seek to rule with an iron fist. As Walker, the last Ranger of the wasteland and a threat to their power, you have been robbed of your home and left for dead. Now you'll have to rage for justice and freedom. With ludicrous vehicle combat, super-powered first-person mayhem, and an open world full of emergent madness, you will tear across an unforgiving wasteland battling sadistic gangs to find the tools and tech needed to crush the oppressive rule of The Authority once and for all.

## Key Features:

---

- **WELCOME TO THE SHOOTERVERSE**

id Software's shooter pedigree and Avalanche Studios' open world prowess is dream-team-made-real for RAGE 2. It's more than a shooter, more than an open world game – it's a shooterverse.

- **THE WASTELAND AWAITS**

Seamlessly traverse a vast and varied landscape, from lush jungles and treacherous swamps to sun-scorched deserts in your pursuit of The Authority. The wasteland is massive, and you've got the arsenal to fight for every inch.

- **PEDAL TO THE METAL**

From monster trucks to gyrocopters, use an assortment of rugged and wasteland-ready vehicles to speed across the badlands. If you see it, you can drive it.

- **THE LAST RANGER**

Bring the pain using a collection of upgradable weapons, devastating Nanotrite powers, and Overdrive, the ability to push your guns beyond their mechanical limits.

- **FACTIONS & FOES**

Fight against ferocious factions for control of the wasteland, each featuring a rogue's gallery of madmen, mutants, and monsters hungry for blood.

We tried our best to find some redeeming features for the this game. We struggled.  
On the plus side though...decent stab at atmospheric music. Plus, where else can you throw stone snail marbles. Kudos for that one.

I will recommend this game just because it is 80% off.....but dont blame me if you waste \u00a31.39.

PS where the hell was the sword?

. If you like tower defense you will love this game! Very fresh and very pretty. Amazing cel shaded graphics and robot characters reminiscent of Borderlands' clap-trap but sans the annoying voice.. This game has lots of potential. Keep it up!. Interesting and fun game, but poor hitboxes can be really infuriating. I still recommend it despite that.. Do you like a puzzle games? Yes? So Mousecraft is for You!

Cool combination of Lemmings and Tetris will test your brain from the easiest puzzles to the really challenging ones.

Plus game have a very good and easy level editor!. It is a nice combination of Capitalism 2 + Industry Empire\Farming Giant. Building on the cool things and leaving out the annoyances + a lot of new content, depth, interdependencies and great solutions. Not to mention: it is a finished game, that runs and does what it should:)

Highly recommended for Tycoon Fans.

. WHERE IS HUNGARY?. I had 15 hours of great fun in this promising game. I do not think the current content is enough to have fun any longer, but it's already nice for the price.

Keep the good job developpers, this is a very nice game.

It's a game, innit. DONT buy this game i have just wasted 14 pound and it started up fine but then keeps crashing terrible!!!. I died 4-5 times on the first level, all to \u2665\u2665\u2665\u2665\u2665\u2665t design. I gada say, I'm floored this is on Steam. Everything about the game I experianced was just bad design. It's one thing to make a challenging game with depth, but bad design is does not mean challenging, it's just bad.. DEFENCE DA FARM IS A GOOD GAYM CAUSE I CAN A SHOOT DA BASTARDS IN DA PEE PEE. Traversing the world of brimstone as Valerie, you explore both sides of this dystopian future. The dark, steampunky setting mixes perfectly with the goofy, humorous elements similarly to deponia. Fully voice acted, multiple ways to solve puzzles, and collectables, just a few of the things that makes this game great! . It's a good game. Although inside graphics could be more impressive. And it's just impossible to turn without crashing.. More weeb achievement spam.... open tons of chests for the hundo.... it's really boring.
